

TREASURED MEMORIES

- SCRAPBOOK LIKE YOU MEAN IT -

PHOTOGRAPHY WORKSHOP I - INTRODUCTION

Professional photographer Daryl Benson (a.k.a. Chantel's Dad), will be giving a four evening workshop on Family, Pet and Travel Photography. The goal is to share ideas and information that will improve your photographic skills and help you to get the images you envision for the albums you create.

The workshops will run for four weeks, each Monday, starting April 14th. Classes will run from 7:30PM to 9:00PM each evening. I will stay later each evening to go over participant's specific cameras and questions one on one. The last class will be a show and share of the two-page spread you created from the images shot as assignments for these classes.

Topics discussed will be, camera basics, aperture, shutter speed and ISO settings (both film and digital), composition, filters, lighting, portrait, travel tips, how to shoot your pet (in a good way), design, image presentation and anything else you may be interested in photographically (I've been doing this for well over 25 years, I've made every mistake possible at least once, but, have learned from each one).

Bring your camera to the first class (film or digital, doesn't matter, and the camera's manual – if you can find it)! There will be assignments at the end of each class. Participants will be responsible for having prints made from the assignments to bring to class the following week for a group critique (no one's being judged here, it's all for fun and learning). Participants will also be responsible for creating (on their own), a two-page scrapbook layout using the images they shot for these classes.

Fee \$50.00 – 15% discount for members

Daryl Benson is a professional photographer, born and raised in Edmonton. He writes for Photo Life, Outdoor Photographer and PC Photo Magazine. He shoots stock for both Masterfile and Getty stock agencies and has self-published three books; A Guide to Photographing the Canadian Landscape, Alberta Images and Canada Images.
